

Come and hit the gas at the EXMAR Group in the position of Marine Superintendent

The EXMAR Group is currently looking for a Marine Superintendent to reinforce the ship management team in Antwerp.

Who we are and what we do

The EXMAR Group is an international player in the oil and gas industry. Our core activity includes the transport and transformation of oil and gas (and derivate products) over sea. More than 1400 seafaring crew and 250 shore-based staff daily join forces to provide our clients the best service and offer them innovative solutions. Together we make sure the world is supplied with gas which energizes both them and ourselves!

Your role in the team

Assure that the requirements of the Safety Management System (SMS) as well as international, national and industry regulations are implemented by the shore team and on board the assets in order to achieve safe and pollution free operations, to support operational excellence and a positive commercial performance of the fleet.

Your responsibilities and tasks include:

- Ensure activities on board and in the office are compliant with internal procedures, international regulations and industry standards;
- Ensure the team meets the marine and HSEQ related KPI's;
- Ensure timely and adequate response to and closing out of third party observations;
- Ensure to keep a professional and cooperative relation with all stakeholders;
- Ensure all internal and external audits and inspections are performed within due time and notify the Head of Fleet Management if not possible;

Your profile

- Master Nautical Sciences, STCW level;
- Minimum 3 years of experience in a management position on board;
- You are able to intervene on board and in your team when the SMS requirements are not met and you make sure action is taken;
- You are able to prevent, discuss and correct observations made by third parties;
- You are able to provide advise to management on board as well as in the cluster to assure safe operations;
- You are flexible with regards to travelling and working hours;
- You are based in Belgium or hold a work permit that is valid in the EU;
- Basic knowledge of mooring requirements, weather forecast and interpretation, technical specifications of assets' equipment;
- Good knowledge of IMO regulations, industry standards (OCIMF/CDI);

- Excellent knowledge of navigation & cargo operations;
- Fluent in written and spoken English.

Our offer

At EXMAR you operate a very international, dynamic and, innovative environment. With us each working day looks different. We offer a competitive salary, supplemented with a nice package of fringe benefits. Since we consider personal development and career planning important, additional in-house and external training is supported.

Convinced?

If interested, let us know by sending an email with your CV and motivation letter to hrprojects@exmar.be. We will get back to you to plan a first interview.

Good luck!
